EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for the Examiner's Amendment was given in an interview with Christopher J. Rourk (214) 953-5990.

In the Claims

The claims have been amended as follows:

1.(Original) A system for tracking an authenticated item comprising:

an authentication device affixed to the item;

an item registration system receiving authentication device data from the authentication device and associated item data and storing the authentication device data and the associated item data; and

an owner registration system receiving owner registration data after a buyer has acquired the item; and

a buyer verification system receiving the authentication device data, the associated item data and the owner registration data and storing buyer verified data if when the associated item data correlates to the owner registration data.

Allowable Subject Matter

1. Claims 1 – 16, and 18 – 22 are allowed.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The most remarkable prior art of record is Bowers (U.S. Patent No. 5,963,134) and Molee (U.S. Patent No. 5,380,047).

The Board of Patent Appeals and Interferences have overturned the Examiner's rejection under 35 U.S.C 102 of claims 1 - 14 and 17 – 22. As a result, claims 1 – 16 and 18 - 22 are allowable over the prior art.

None of the prior art of record remedies the deficiencies found in Bowers and Molee. Furthermore, neither the prior art, the nature of the problem, nor knowledge of a person having ordinary skill in the art, provide any reasonable rationale to combine prior art teachings.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on

Statement of Reasons for Allowance.”

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. "2 groups with the same REID/holography license tags idea" Holography News, Dec , 2002
